AVIATION MEDICINE - South African Civil Aviation Authority

Most pilots require aviation medical certificates. Some pilots, such as sports pilots and balloon pilots, aren't required to obtain an aviation medical certificate. The rest of us, however, need to pass an aviation medical exam to legally utilize the privileges of our pilot certificates.

If you've never held a FAA medical certificate, you'll need to obtain one from an aviation medical examiner (AME), but you will just have to do that one time. If your regular or special issuance medical certificate lapsed before July 15, 2006, you will also need to get a medical certificate from an AME one time only.
