Polaris Sportsman 400 Manuals | ManualsLib

In order to burp the cooling system, there is a air-bleed bolt on the top of the head , while the engine is cool ,remove the bolt add coolant in radiator and you should be fine. You most definately need a cooling fan,and you could try a universal electric,mount to the radiator style, as they are cheaper than oem and only require wiring end mods. get at least a 9" diameter, 10" better

97 Polaris Sport 400 Pictures and Problems | Polaris ATV Forum

After doing some research I found an after market Universal cooling fan at O'reilly Auto Parts. The fan sold for \$49.00 After getting it home I realized the Motor unit bolts right into the OEM Fan Bracket. The Fan works Great! The Test will be the water proof aspect of the fan, however a close inspection indicates a very sealed unit.

What oil goes in a polaris 400 liquid cooled engine?

Many of the engines that power Polaris ATV's are liquid cooled, single cylinder, SOHC 4-stroke units manufactured by Fuji. The 400, 450, and 500 cc engines are nearly identical outside of bore and stroke. The newer 550 engine is updated, but some of these tips still apply. The 570 engine has a DOHC head and unrelated for the [...]
