Please save this guide for future reference. The Interface module is to be used only with the Acoustimass® module in the Bose® CineMate™ speaker system.

CINEMATE - Bose

The system adds a flush-mount Acoustimass bass module to the original surface components for easy installation in a hard or tile ceiling, or on a wall. The new flush-mount satellite speaker provides the best solution for customers who cannot accommodate a surface-mount solution.

FreeSpace 3 Flush-Mounts Satellites | Bose Professional

The Bose FreeSpace 3 surface-mount and FreeSpace 3 Series II flush-mount systems are high-performance, extended-range loudspeaker systems for small-to-medium installed applications requiring high fidelity and extended bandwidth reproduction of voice and music. Surface and flush components can be mixed and matched to provide greater flexibility to suit a wide range of applications.

Bose® Lifestyle® V35 home entertainment system--Black I love my Bose V35 system (I've had it for over 1 year) but I have had problems recently with either the on screen menu not working (sound OK) or everything seems to work but there is no sound. I have checked all connections and tried to reset the system with no success. I am now faced with the grim reality of sending the unit back to ...

Amazon.com: Bose Lifestyle V35 Home Theater System ...

In the 1980s, the Bose Acoustimass AM-5 became a popular subwoofer and small high-range satellite speaker system for home listening. Steve Feinstein stated that with the AM-5, the system's "appearance mattered as much as, if not more than, great sound" to consumers of this era, as it was considered to be a "cool" look. The success of the AM-5 led to other makers launching subwoofer-satellite ...
