### **Documentation | Android Developers**

Material Components for Android (MDC-Android) help developers execute Material Design to build beautiful and functional Android apps. Constraint Layout Library Legacy Support Library ConstraintLayout and related APIs for building constraint-based layouts.

### **API reference | Android Developers**

If the device is running Android 5.1 (API level 22) or lower, or the app's `targetSdkVersion` is 22 or lower, the system asks the user to grant the permissions at install time. Once again, the system just tells the user what permission groups the app needs, not the individual permissions. For example, when an app requests `READ_CONTACTS` the install dialog lists the Contacts group.
