My David Levithan obsession continues! After reading and adoring Every Day, I went out and bought four more David Levithan books, Are We There Yet? being one that really intrigued me. Much is made of the relationships between sisters, but I've certainly not read many books about the relationships between brothers.

We then use regression-tree analysis to determine the characteristics of metropolitan areas that are most likely to employ accessibility concepts. Finally, we identify barriers to a wider adoption of the accessibility paradigm. Most RTPs include accessibility-related goals, but few define the term or use accessibility-oriented performance measures.
