Science - Education and Early Childhood Development

For example, an elementary school might have curriculum guides for math, science, social studies, and language arts for each grade level from kindergarten up. Within each subject, the guide outlines objectives, or standards, that students are expected to meet by the end of a set time frame, usually the school year.

Biology 3201 - Welcome to CDLI

This is my fourth year teaching science at Queen Elizabeth Regional High. I started teaching in 2002, as a junior high teacher in St. John's. I had the pleasure of working in many different schools throughout the city, but Queen E is my teaching home.
