Captain America obviously owes his physique to an exotic cocktail of chemicals injected directly into his body. While this sort of behavior these days would probably get him dragged to Capitol Hill for hearings (and it certainly would disqualify him from the Tour de France), back in the 1940s, improving one’s life through the power of science ...

Captain America: The First Avenger - Plugged In

Parents need to know that Captain America: The First Avenger is a 1940s-set comic book-based superhero adventure that's full of explosive action violence. Expect tons of gun battles, fireballs, and fistfights (all of which are even more in-your-face in the 3-D version of the movie), as well as a scary-looking villain.
