The Production Process. The production process refers to the stages (phases) required to complete a media product, from the idea to the final master copy. The process can apply to any type of media production including film, video, television and audio recording. The stages in each medium vary; for example, there is obviously no storyboard in an audio recording.

The Production Process - Media College

Media (plural of medium) is another word that has many definitions and I will argue that it has two distinct meanings relevant for teaching and learning, both of which are different from definitions of technology. The word 'medium' comes from the Latin, meaning in the middle (a median) and also that which intermediates or interprets.
