The All Terrain Armored Transport (AT-AT) walker, also known as the Imperial Walker, was a major part of the Galactic Empire's motor-pool. Carrying a vast amount of fire power and being heavily armored, the AT-AT was arguably the most feared and effective land vehicle in the Imperial Army, and enjoyed a long life span, from the Clone Wars to the Second Imperial Civil War over 150 years later ...

Turbines built between now and 2030 will only be in service during the transition and for scaling up the industry. After 2050 the old turbines will need to be replaced, so an industry capable of sustaining this level of production needs to be in place. Wind turbines can roughly be divided into two categories: geared turbines and gearless turbines.
