The father of physics Albert Einstein was born on 14 March 1879 in Ulm, Germany, he moved to Munich with his family at a young age. His mother was very fond of playing the piano, so Einstein learned to play the piano from his mother. His father used to do his own business, which was established in Munich as a factory to make electrical goods.

A watermill or water mill is a mill that uses hydropower. It is a structure that uses a water wheel or water turbine to drive a mechanical process such as milling (grinding), rolling, or hammering. Such processes are needed in the production of many material goods, including flour, lumber, paper, textiles, and many metal products. These watermills may comprise gristmills, sawmills, paper mills ...
