Fiscal policy refers to the tax and spending policies of a nation's government. A tight, or restrictive fiscal policy includes raising taxes and cutting back on federal spending. A loose or...

Fiscal Policy vs. Monetary Policy: Pros & Cons

Also, as I've noted, the hurly-burly of politics is a better place than most to thrash out the economic questions facing U.S. society. Fortunately for all of us, there is a less politically charged and equally useful tool for keeping the economy on a long-term, low-inflation, low-unemployment growth trajectory. That would be monetary policy.

Fiscal Policy and Economic Growth: So, Who's Right About ...

Fiscal policy entails government's management of the economy through the manipulation of its income and spending power to achieve certain desired macroeconomic objectives (goals) amongst which is economic growth (Medee and Nembee, 2011).
