GenieSense™ Monitoring and Diagnostic Technology: Delivers the power needed at every movement of the garage door and continuously monitors the operation of the door, stopping operation when significant changes occur. GenieSense®.c minimizes noise, wear and tear on the door, and improves overall safety.

### SilentMax 1000 Model 3042 - Genie Garage Door Openers

Older model Genie garage door openers use dip switches rather than a "smart" to program the opener and remote controls. Unlike their Intellicode system, which you can program with a press of a button, the remotes and the door opener dip switches must match in order for the remotes to work correctly. You will need Genie's GT912 remote control to program the old Genie door opener to the remote.
