Music education is a field of practice in which educators are trained for careers as elementary or secondary music teachers, school or music conservatory ensemble directors. Music education is also a research area in which scholars do original research on ways of teaching and learning music. Music education scholars publish their findings in peer-reviewed journals, and teach undergraduate and ...

### **Music education - Wikipedia**

Six degrees of separation is the idea that all people on average are six, or fewer, social connections away from each other. As a result, a chain of "friend of a friend" statements can be made to connect any two people in a maximum of six steps. It is also known as the six handshakes rule. [citation needed] The concept was originally set out in a 1929 short story by Frigyes Karinthy, where a ...
