Amazon.com : HP 12C Financial Calculator : Office Products

The HP 10BII financial calculator has a built in settings for payments per year that attempts to auto-adjust the interest rate based on how many periods there are in a year. However, this does not auto-adjust the N and PMT components (you still have to do this manually), which makes this function cause more problems than it's worth.

How to Use an HP 10BII Financial Calculator

HP has both a 10bii model and a 10bii+ (PLUS) model for this particular financial calculator. The seller advertised, had a picture of, and listed the item as the 10bii but it was the PLUS version! This was very disappointing and wasted valuable time.
