Corporate finance for the pre-industrial world began to emerge in the Italian city-states and the low countries of Europe from the 15th century.. The Dutch East India Company (also known by the abbreviation "VOC" in Dutch) was the first publicly listed company ever to pay regular dividends. The VOC was also the first recorded joint-stock company to get a fixed capital stock.

Corporate finance - Wikipedia

Finance is a term for the management, creation, and study of money and investments. Specifically, it deals with the questions of how an individual, company or government acquires money – called capital in the context of a business – and how they spend or invest that money. Finance is then often divided into the following broad categories: personal finance, corporate finance, and public ...
