Technical Manual JBL EON15-G2 - Customer Service

Hi everyone, I got a defect JBL EON 510 speaker (no sound, but all LED are ok). It contains 2 modules: input module and amplifier module. I found the schematic for the amplifier and this seems ok. Now it would be very helpful to have the schematic for the input module (it has several 4580 op-amp ICs). Thanks

JBL EON 510 Input Module Schematic needed
