There is one hitch though: you'll need a valid and active public library card. Overdrive works with over 30,000 public libraries in over 40 different countries worldwide.

Medieval Medicine In Illuminated Manuscripts

This beautifully produced book is a revised, colour-illustrated version of the long out-of-print Medieval Medical Miniatures first published by The British Library in 1984. Some of the manuscripts illustrated are famous because of the quality of their design and splendour of illumination, but most medical illustration was not work of such refinement and consequently has been largely ignored by historians of art.

The MacKinney Collection of Medieval Medical Illustrations

Illuminated manuscripts continued to be produced after the invention of printing, and printed books also were often illustrated with illuminations. Presented here are illuminated manuscripts produced in Europe between 764-83 and 1889, held in the collections of WDL partner libraries and museums in Europe and North America.

Illuminated Manuscripts from Europe

A brief treatment of illuminated manuscripts follows. For full treatment, see painting, Western: Western Dark Ages and medieval Christendom. The term illumination originally denoted the embellishment of the text of handwritten books with gold or, more rarely, silver, giving the impression that the page had been literally illuminated. In medieval times, when the art was at its height ...

illuminated manuscript | History, Production, & Facts ...

An illuminated manuscript is a manuscript in which the text is supplemented with such decoration as initials, borders (), and miniature illustrations. In the strictest definition, the term refers only to manuscripts decorated with either gold or silver; but in both common usage and modern scholarship, the term refers to any decorated or illustrated manuscript from Western traditions.

Illuminated manuscript - Wikipedia

From intriguingly detailed illustrations to random doodles, the drawings and other marks made along the edges of pages in medieval manuscripts—called marginalia—are not just peripheral matters.
