I've been looking through this forum and do not see too much complaints about the YD25 diesel engines. I've been watching this guy on Youtube that supposedly specializes in Nissan's and he doesn't have too many great things to say about this engine. Some of the things he highlights are - Poor timing chain design with them snapping frequently - Weak camshaft design - Poor quality metals used ...

Info. For many car parts, such as engines and cylinder heads, it is important that you specify the correct motor code on your request. The engine code is usually stamped somewhere into the engine block. The first 4 or 5 letters / numbers usually provide enough technical information for a car parts supplier to find the right engine related car part for you.
