Art Therapy. Papermaking has gained significant momentum in the spheres of Art Therapy and trauma intervention. As with other art-making activities, the act of papermaking allows populations affected by trauma with a means to process memories and emotion through symbolic expression. According to Art Therapist Gretchen Miller, "art-making provides a safe means for expressing and communicating traumatic experiences which often cannot be reconciled through verbal language."

Peace Paper Project

Tissue paper can be a great art medium to try in therapy. I find that it helps to encourage playing with colors and materials, experimenting with new techniques, and focusing on the process. For myself, I have always enjoyed that working with tissue paper forces me to be more abstract and less focused on achieving a certain outcome.

Creating Tissue Paper Collages - Creativity in Therapy
