Loved it so much I bought the 1000 in October. Both are smooth, easy to ride, and reliable. Some service items can be a little challenging if you don't have a full set of tools. Both machines have plenty of power and are easy to ride. Have the premium on the 1000, the larger tires on it can slow you down in snow, but goes through the snow fine.

In 1963, Polaris built their first front-engined snowmobile, designed more for recreation, called the Comet. After a successful test in Alaska (that nearly cost two employees their lives), they started selling the sled—and nearly bankrupt the company when components of the sleds failed and they failed to maintain traction on the snow in the ...
