What is unified communications? Unified communications (UC) is an umbrella term for the integration of multiple enterprise communication tools -- such as voice calling, video conferencing, instant messaging (IM), presence, content sharing, etc. -- into a single, streamlined interface, with the goal of improving user experience and productivity.. Unified communications technology supports a ...

HCL's efforts are currently diversified and stretched too thin so the real focus can be easily lost. On the Domino platform alone (not to mention Connections and Sametime), they are trying to support just about everything: from LotusScript to Node.js; the old Notes client along with the Verse email client; the old Domino Designer and shiny new Domino Volt; Notes applications on iOS and ...

HCL Notes (bis Juli 2019 IBM Notes, bis März 2013 Lotus Notes) ist ein dokumentenorientiertes, verteiltes Datenbanksystem mit sehr enger E-Mail-Anbindung. Es wurde ab 1984 von Iris Associates entwickelt, später ein Tochterunternehmen der Lotus Development Corporation respektive von IBM. Im Juli 2019 wurde die Übernahme durch HCL Technologies abgeschlossen.
