Integrated Chinese Integrated Chinese - Cheng & Tsui

A textbook is a book containing a comprehensive compilation of content in a branch of study with the intention of explaining it. Textbooks are produced to meet the needs of educators, usually at educational institutions. Schoolbooks are textbooks and other books used in schools. Today, many textbooks are published in both print and digital formats.

The basic education curriculum in China has experienced several waves of changes since the founding of the People's Republic of China in 1949. These changes usually followed major political and social movements and involved the development and implementation of new curriculum guidelines in the form of teaching syllabi or curriculum standards for all school subjects (Ruan and Jin, 2012).

The history of medicine shows how societies have changed in their approach to illness and disease from ancient times to the present. Early medical traditions include those of Babylon, China, Egypt and India. Sushruta, from India, introduced the concepts of medical diagnosis and prognosis. The Hippocratic Oath was written in ancient Greece in the 5th century BCE, and is a direct inspiration for ...
