The Concubine Norah Lofts

The Concubine, by Norah Lofts, long overdue for reissue, is my own ideal of what a historical novel ought to be. As someone with a passionate interest in Tudor history in general and the dramatic story of Anne Boleyn in particular, I've been gritting my teeth at the plot absurdities of Philippa Gregory's inexplicably best-selling The Other Boleyn Girl.

The Concubine by Norah Lofts - Goodreads

Absolutely fascinating look into Anne Boleyn's life. Unlike the majority of other books written about Henry VIII's second queen, Norah Loft's "The Concubine" doesn't play to either side. It presents and unbiased and informative look at Anne Boleyn, her motivations, desires and ultimately, her destiny.

Norah Lofts' Anne is so very human, but so amazingly modern, really, you'll almost forget she lived almost 500 years ago. She is a free thinker and a self-made woman in a day when women were second class. You'll root for her, agonize with her.

Anne Boleyn is one of her rare - yet highly successful - forays into non-fiction and displays her trademark application of authentic period detail to a gripping narrative. Her fictionalised account of Anne Boleyn's life, The Concubine, was a huge bestseller in the UK and US. Lofts wrote more than fifty books.

Norah Lofts has enriched her novel with wonderful personalities, such as Emma Arnett the maid who accompanies Anne after Anne is more or less wrenched from the arms of Harry Percy. Emma, aging at 40 years old, taciturn, seething with resentments sizes Anne up and it is through her eyes that we first see Anne.

Norah Lofts' work set in East Anglia in the 1930s and 1940s shows great concern with the very poor in society and their inability to change their conditions. Her approach suggests an interest in the social reformism that became a feature of British post-war society. Several of her novels were turned into films.
