The Endgame The Inside Story

A welcome surprise cameo in The Expanse season 6 heavily hints toward the narrative's ultimate endgame from the original books. When Amazon announced The Expanse would conclude with season 6, Alcon Entertainment's critically acclaimed sci-fi opera still had many tales to tell from James S.A. Corey's novels - chief among them the Laconian Empire's rise to prominence, and the lingering threat of ...

One of the many stories Avengers: Endgame had to wrap up was Iron Man's. With Robert Downey Jr. bowing out of the Marvel Cinematic Universe, the film had to find a satisfying way to write the founding member of the Avengers out of the series. It did so by having Tony Stark sacrifice his life to end the threat of Thanos once and for all, but, as it turns out, it shouldn't have ended that way.
