The Gap Science Of What

The idea that preformed Cooper pairs could exist in a superconductor at temperatures higher than its zero-resistance critical temperature (T_c) has been explored for unconventional, interfacial, and disordered superconductors, but direct experimental evidence is lacking. We used scanning tunneling noise spectroscopy to show that preformed Cooper pairs exist up to temperatures much higher than T_c ...

Direct evidence for Cooper pairing without a spectral gap ...

Women make up only 28% of the workforce in science, technology, engineering and math (STEM), and men vastly outnumber women majoring in most STEM fields in college. The gender gaps are particularly high in some of the fastest-growing and highest-paid jobs of the future, like computer science and engineering.

The STEM Gap: Women and Girls in Science, Technology ...

Talent Gap in Data Science. As per the study, a wide gap exists between the talent sought by enterprises and the supply that the vast talent pool offers. Of all the hiring managers and leaders surveyed for this study, 92% confirmed that they have witnessed a wide demand and supply gap between Data Science talents in India. 57% believed that the ...
