The Timeless Way Of Building

The Timeless Way of Building is a 1979 book by Christopher Alexander that proposes a new theory of architecture (and design in general) that relies on the understanding and configuration of design patterns. Although it came out later, it is essentially the introduction to A Pattern Language and The Oregon Experiment, providing the philosophical background to the Center for Environmental ...

The Timeless Way of Building - Wikipedia

In The Timeless Way of Building Christopher Alexander presents a new theory of architecture, building, and planning which has at its core that age-old process by which the people of a society have always pulled the order of their world from their own being. He writes, "There is one timeless way of building. It is thousands of years old, and the same today as it has always b
