Women have long been involved in politics and public life, even before the Nineteenth Amendment gave them the vote in 1920, but women's political activism took a giant leap forward starting in the 1960s. To be sure, we haven't yet had a woman president, but at all other levels of American political life, women have crafted a strong and vibrant history.

The issue of genocide and American Indian history has been contentious. Many writers see the massive depopulation of the indigenous population of the Americas after 1492 as a clear-cut case of the genocide. Other writers, however, contend that European and U.S. actions toward Indians were deplorable but were rarely *if ever* genocidal. To a significant extent, disagreements about the ...
