Vat And Service Tax Study

A value-added tax (VAT) is a flat tax levied on an item. It is similar in some respects to a sales tax, except that with a sales tax, the full amount owed to the government is paid by the consumer ...

Value-Added Tax (VAT) Definition - Investopedia.com

A value-added tax (VAT), known in some countries as a goods and services tax (GST), is a type of tax that is assessed incrementally. It is levied on the price of a product or service at each stage of production, distribution, or sale to the end consumer. If the ultimate consumer is a business that collects and pays to the government VAT on its products or services, it can reclaim the tax paid.
